

CONTENTS

NEW SERIES, VOL. XXXIII, No. 129, JANUARY 1964

Hookworm Infection and Anaemia. By H. M. Gilles, E. J. Watson Williams, and P. A. J. Ball. With Plate 1	1
Familial Haemorrhagic Telangiectasia. By D. F. N. Harrison. With Plates 2 to 3	25
Acute Oliguric Renal Failure in Acute Glomerulonephritis and Polyarteritis Nodosa. By C. V. Harrison, Lavinia W. Loughridge, and M. D. Milne. With Plates 4 to 6	39
The Natural History of Takayasu's Arteriopathy. By R. W. Strachan	57
Diffuse Interstitial Pulmonary Fibrosis. By J. L. Livingstone, J. G. Lewis, Lynne Reid, and K. E. Jefferson. With Plates 7 to 10	71
Acute Anuric Glomerulonephritis. By G. M. Berlyne and S. B. de C. Baker. With Plate 11	105
Retinal Soft Exudates. By J. V. Hodge and C. T. Dollery. With Plates 12 to 17	117
Mural Thrombosis of the Subclavian Artery and Subsequent Embolism in Cervical Rib. By A. J. Gunning, G. W. Pickering, A. H. T. Robb-Smith, and R. Ross Russell. With Plates 18 to 22	133
Mural Thrombosis of the Internal Carotid Artery and Subsequent Embolism. By A. J. Gunning, G. W. Pickering, A. H. T. Robb-Smith, and R. Ross Russell. With Plates 23 to 32	155

NUMBER 130, APRIL 1964

Hereditary Hypoparathyroidism Presenting with Oedema in the Neonatal Period. By P. F. Benson and V. Parsons	197
Osteoporosis due to Malabsorption of Calcium Responding Favourably to Large Doses of Vitamin D. By Ole Munck. With Plates 33 to 34	209
Histoplasmosis Duboisii. By W. P. Cockshott and Adetokundo O. Lucas. With Plates 35 to 38	223
Hypertensive Encephalopathy with Cortical Disorders of Vision. By E. H. Jellinek, M. Painter, J. Prineas, and R. Ross Russell	239
The Acute Leukaemias: A Study of 580 Patients. By S. Roath, M. C. G. Israëls, and J. F. Wilkinson	257
Ruptured Aortic Sinus Aneurysm. By L. D. Abrams and D. W. Evans. With Plates 39 to 40	285
Occult Hydrocephalus. By P. R. McHugh. With Plates 41 to 44	297

NUMBER 131, JULY 1964

The Natural History of Transient Ischaemic Cerebro-Vascular Attacks. By John Marshall	309
Renal Artery Stenosis and the Nephrotic Syndrome. By G. M. Berlyne, A. S. Tavill, and S. B. de C. Baker. With Plates 45 to 47	325
Eosinophilic Granuloma and its Variants with Special Reference to Lung Involvement. By J. G. Lewis. With Plates 48 to 49	337

Congenital Deafness Associated with Electrocardiographic Abnormalities, Fainting Attacks and Sudden Death. By G. R. Fraser, P. Froggatt, and T. N. James. With Plates 50 to 52	361
Idiopathic Recurrent Cholestasis: A Study of the Functional and Pathological Lesions in Four Cases. By Roger Williams, Margaret A. Carter, Sheila Sherlock, Peter J. Scheuer, and K. R. Hill. With Plates 53 to 54	387
Nutritional Problems Associated with Extensive Lesions of the Distal Small Intestine in Man. By C. C. Booth, I. MacIntyre, and D. L. Mollin	401

NUMBER 132, OCTOBER 1964

Calcium Dynamics of the Gastrointestinal Tract and Bone in Primary Hyperparathyroidism. By J. Anderson, S. B. Osborn, R. W. S. Tomlinson, and M. Wall. With Plate 55	421
Arteritis of the Aorta and its Major Branches. By V. Schrire and R. A. Asherson. With Plates 56 to 60	439
The Aetiology of Portal Vein Thrombosis with Particular Reference to the Role of Infection and Exchange Transfusion. By E. N. Thompson and Sheila Sherlock	465
Hereditary Neuropathy, with Liability to Pressure Palsies. A Clinical and Electrophysiological Study of Four Families. By C. J. Earl, Pamela M. Fullerton, G. S. Wakefield, and H. S. Schutta	481
Polycythaemia Vera: Clinical Studies on a Series of 127 Patients Managed Without Radiation Therapy. By J. Perkins, M. C. G. Israëls, and John F. Wilkinson	499
The Association of Physicians of Great Britain and Ireland. 1964 Fifty-Eighth Annual General Meeting	519

INDEX TO CONTRIBUTORS

ABRAMS, L. D. Ruptured Aortic Sinus Aneurysm. With Plates 39-40 . . .	285
ANDERSON, J. Calcium Dynamics of the Gastrointestinal Tract and Bone in Primary Hyperparathyroidism. With Plate 55 . . .	421
ASHERSON, R. A. Arteritis of the Aorta and its Major Branches. With Plates 56-60 . . .	439
BAKER, S. B. DE C. Acute Anuric Glomerulonephritis. With Plate 11 . . .	105
BAKER, S. B. DE C. Renal Artery Stenosis and the Nephrotic Syndrome. With Plates 45-47 . . .	325
BALL, P. A. J. Hookworm Infection and Anaemia. With Plate 1 . . .	1
BENSON, P. F. Hereditary Hypoparathyroidism Presenting with Oedema in the Neonatal Period . . .	197
BERLYNE, G. M. Acute Anuric Glomerulonephritis. With Plate 11 . . .	105
BERLYNE, G. M. Renal Artery Stenosis and the Nephrotic Syndrome. With Plates 45-47 . . .	325
BOOTH, C. C. Nutritional Problems Associated with Extensive Lesions of the Distal Small Intestine in Man . . .	401
CARTTER, A. Idiopathic Recurrent Cholestasis: A Study of the Functional and Pathological Lesions in Four Cases. With Plates 53-54 . . .	387
COCKSHOT, W. P. Histoplasmosis Duboisii. With Plates 35-38 . . .	223
DOLLERY, C. T. Retinal Soft Exudates. With Plates 12-17 . . .	117
EARL, C. J. Hereditary Neuropathy, with Liability to Pressure Palsies. A Clinical and Electrophysiological Study of Four Families . . .	481
EVANS, D. W. Ruptured Aortic Sinus Aneurysm. With Plates 39-40 . . .	285
FRASER, G. R. Congenital Deafness Associated with Electrocardiographic Abnormalities, Fainting Attacks and Sudden Death. With Plates 50-52 . . .	361
FROGGATT, P. Congenital Deafness Associated with Electrocardiographic Abnormalities, Fainting Attacks and Sudden Death. With Plates 50-52 . . .	361
FULLERTON, P. M. Hereditary Neuropathy, with Liability to Pressure Palsies. A Clinical and Electrophysiological Study of Four Families . . .	481
GILLES, H. M. Hookworm Infection and Anaemia. With Plate 1 . . .	1
GUNNING, A. J. Mural Thrombosis of the Subclavian Artery and Subsequent Embolism in Cervical Rib. With Plates 18-22 . . .	133
GUNNING, A. J. Mural Thrombosis of the Internal Carotid Artery and Subsequent Embolism. With Plates 23-32 . . .	155
HARRISON, C. V. Acute Oliguric Renal Failure in Acute Glomerulonephritis and Polyarteritis Nodosa. With Plates 4-6 . . .	39
HARRISON, D. F. N. Familial Haemorrhagic Telangiectasia. With Plates 2-3 . . .	25
HILL, K. R. Idiopathic Recurrent Cholestasis: A Study of the Functional and Pathological Lesions in Four Cases. With Plates 53-54 . . .	387
HODGE, J. V. Retinal Soft Exudates. With Plates 12-17 . . .	117
ISRAËLS, M. C. G. The Acute Leukaemias. A Study of 580 Patients . . .	257
ISRAËLS, M. C. G. Polycythaemia Vera: Clinical Studies on a Series of 127 Patients Managed Without Radiation Therapy . . .	499
JAMES, T. N. Congenital Deafness Associated with Electrocardiographic Abnormalities, Fainting Attacks and Sudden Death. With Plates 50-52 . . .	361
JEFFERSON, K. E. Diffuse Interstitial Pulmonary Fibrosis. With Plates 7-10 . . .	71
JELLINEK, E. H. Hypertensive Encephalopathy with Cortical Disorders of Vision . . .	239
LEWIS, J. G. Diffuse Interstitial Pulmonary Fibrosis. With Plates 7-10 . . .	71

LEWIS, J. G. Eosinophilic Granuloma and its Variants with Special Reference to Lung Involvement. With Plates 48-49	337
LIVINGSTONE, J. L. Diffuse Interstitial Pulmonary Fibrosis. With Plates 7-10	71
LOUGHRIDGE, L. W. Acute Oliguric Renal Failure in Acute Glomerulonephritis and Polyarteritis Nodosa. With Plates 4-6	39
LUCAS, A. O. Histoplasmosis Duboisii. With Plates 35-38	223
MACINTYRE, I. Nutritional Problems Associated with Extensive Lesions of the Distal Small Intestine in Man	401
MARSHALL, J. The Natural History of Transient Ischaemic Cerebro-Vascular Attacks	309
McHUGH, P. R. Occult Hydrocephalus. With Plates 41-44	297
MILNE, M. D. Acute Oliguric Renal Failure in Acute Glomerulonephritis and Polyarteritis Nodosa. With Plates 4-6	39
MOLLIN, D. L. Nutritional Problems Associated with Extensive Lesions of the Distal Small Intestine in Man	401
MUNCK, O. Osteoporosis due to Malabsorption of Calcium Responding Favourably to Large Doses of Vitamin D. With Plates 33-34	209
OSBORN, S. B. Calcium Dynamics of the Gastrointestinal Tract and Bone in Primary Hyperparathyroidism. With Plate 55	421
PAINTER, M. Hypertensive Encephalopathy with Cortical Disorders of Vision	230
PARSONS, V. Hereditary Hypoparathyroidism Presenting with Oedema in the Neonatal Period	197
PERKINS, J. Polycythaemia Vera: Clinical Studies on a Series of 127 Patients Managed Without Radiation Therapy	499
PICKERING, G. W. Mural Thrombosis of the Subclavian Artery and Subsequent Embolism in Cervical Rib. With Plates 18-22	133
PICKERING, G. W. Mural Thrombosis of the Internal Carotid Artery and Subsequent Embolism. With Plates 23-32	155
PRINEAS, J. Hypertensive Encephalopathy with Cortical Disorders of Vision	239
REID, L. Diffuse Interstitial Pulmonary Fibrosis. With Plates 7-10	71
ROATH, S. The Acute Leukaemias: A Study of 580 Patients	257
ROBB-SMITH, A. H. T. Mural Thrombosis of the Subclavian Artery and Subsequent Embolism in Cervical Rib. With Plates 18-22	133
ROBB-SMITH, A. H. T. Mural Thrombosis of the Internal Carotid Artery and Subsequent Embolism. With Plates 23-32	155
ROSS-RUSSELL, R. Mural Thrombosis of the Subclavian Artery and Subsequent Embolism in Cervical Rib. With Plates 18-22	133
ROSS-RUSSELL, R. Mural Thrombosis of the Internal Carotid Artery and Subsequent Embolism. With Plates 23-32	155
ROSS-RUSSELL, R. Hypertensive Encephalopathy with Cortical Disorders of Vision	239
SCHUEER, P. J. Idiopathic Recurrent Cholestasis: A Study of the Functional and Pathological Lesions in Four Cases. With Plates 53-54	387
SCHRIRE, V. Arteritis of the Aorta and its Major Branches. With Plates 56-60	439
SCHUTTA, H. S. Hereditary Neuropathy, with Liability to Pressure Palsies. A Clinical and Electrophysiological Study of Four Families	481
SHERLOCK, S. Idiopathic Recurrent Cholestasis: A Study of the Functional and Pathological Lesions in Four Cases. With Plates 53-54	387
SHERLOCK, S. The Aetiology of Portal Vein Thrombosis with Particular Reference to the Role of Infection and Exchange Transfusion	465

INDEX TO CONTRIBUTORS

vii

TAVILL, A. S. Renal Artery Stenosis and the Nephrotic Syndrome. With Plates 45-47	325
THOMPSON, E. N. The Aetiology of Portal Vein Thrombosis with Particular Reference to the Role of Infection and Exchange Transfusion	465
TOMLINSON, R. W. S. Calcium Dynamics of the Gastrointestinal Tract and Bone in Primary Hyperparathyroidism. With Plate 55	421
WAKEFIELD, G. S. Hereditary Neuropathy, with Liability to Pressure Palsies. A Clinical and Electrophysiological Study of Four Families	481
WALL, M. Calcium Dynamics of the Gastrointestinal Tract and Bone in Primary Hyperparathyroidism. With Plate 55	421
WATSON-WILLIAMS, E. J. Hookworm Infection and Anaemia. With Plate 1	1
WILKINSON, J. F. The Acute Leukaemias: A Study of 580 Patients	257
WILKINSON, J. F. Polycythaemia Vera: Clinical Studies on a Series of 127 Patients Managed Without Radiation Therapy	499
WILLIAMS, R. Idiopathic Recurrent Cholestasis: A Study of the Functional and Pathological Lesions in Four Cases. With Plates 53-54	387

INDEX

- Acute anuric glomerulonephritis, 105.
- Acute leukaemias, the: a study of 580 patients, 257.
- Acute oliguric renal failure in acute glomerulonephritis and polyarteritis nodosa, 39.
- Anaemia, hookworm infection and, 1.
- Aneurysm, ruptured aortic sinus, 285.
- Arteriopathy, Takayasu's, natural history of, 57.
- Arteritis of the aorta and its major branches, 439.
- Association of Physicians of Great Britain and Ireland: 58th Annual General Meeting, 519.
- Bone, calcium dynamics of the gastro-intestinal tract and, in primary hyperparathyroidism, 421.
- Calcium dynamics of the gastro-intestinal tract and bone in primary hyperparathyroidism, 421.
- Calcium, osteoporosis due to malabsorption of, responding favourably to large doses of Vitamin D, 209.
- Carotid artery, internal, mural thrombosis of, and subsequent embolism, 155.
- Cerebro-vascular attacks, the natural history of transient, ischaemic, 309.
- Cervical rib, mural thrombosis of the subclavian artery and subsequent embolism in, 133.
- Cholestasis, idiopathic recurrent; a study of the functional and pathological lesions in four cases, 387.
- Congenital deafness associated with electrocardiographic abnormalities, fainting attacks and sudden death, 361.
- Deafness, congenital, associated with electrocardiographic abnormalities, fainting attacks and sudden death, 361.
- Duboisii, histoplasmosis, 223.
- Electrocardiographic abnormalities associated with congenital deafness, fainting attacks and sudden death, 361.
- Embolism, mural thrombosis of the internal carotid artery and subsequent, 155.
- Embolism, mural thrombosis of the subclavian artery and subsequent, in cervical rib, 133.
- Encephalopathy, hypertensive, with cortical disorders of vision, 239.
- Eosinophilic granuloma and its variants, with special reference to lung involvement, 337.
- Exchange transfusion, the aetiology of portal vein thrombosis with particular reference to the role of infection and, 465.
- Exudates, retinal soft, 117.
- Fainting attacks, congenital deafness associated with electrocardiographic abnormalities and sudden death, 361.
- Familial haemorrhagic telangiectases, 25.
- Fibrosis, diffuse interstitial, pulmonary, 71.
- Gastro-intestinal tract, calcium dynamics of, and bone in primary hyperparathyroidism, 421.
- Glomerulonephritis, acute anuric, 105.
- Glomerulonephritis, acute, acute oliguric renal failure in, and polyarteritis nodosa, 39.
- Granuloma, eosinophilic, and its variants with special reference to lung involvement, 337.
- Histoplasmosis Duboisii, 223.
- Hookworm infection and anaemia, 1.
- Hydrocephalus, occult, 297.
- Hyperparathyroidism, primary, calcium dynamics of the gastro-intestinal tract and bone in, 421.
- Hypoparathyroidism, hereditary, presenting with oedema in the neonatal period, 197.
- Idiopathic recurrent cholestasis: a study of the functional and pathological lesions in four cases, 387.
- Infection, the role of, and exchange transfusion, in aetiology of portal vein thrombosis, 465.
- Intestine, distal, small in man, nutritional problems associated with extensive lesions of, 401.
- Ischaemic, transient cerebro-vascular attacks, the natural history of, 309.
- Leukaemias, the acute: A study of 580 patients, 257.
- Lung involvement, with special reference to, in eosinophilic granuloma and its variants, 337.

- Neonatal period, hereditary hypoparathyroidism presenting with oedema in, 197.
- Nephrotic syndrome, renal artery stenosis and the, 325.
- Neuropathy, hereditary, with liability to pressure palsies; a clinical and electrophysiological study of four families, 481.
- Nutritional problems associated with extensive lesions of the distal small intestine in man, 401.
- Occult hydrocephalus, 297.
- Oedema, in the neonatal period, hereditary hypoparathyroidism presenting with, 197.
- Osteoporosis due to malabsorption of calcium responding favourably to large doses of Vitamin D, 209.
- Palsies, pressure, hereditary neuropathy with liability to; a clinical and electrophysiological study of four families, 481.
- Polyarteritis nodosa, acute oliguric renal failure in acute glomerulonephritis, and, 39.
- Polycythaemia vera; clinical studies, in a series of 127 patients, managed without radiation therapy, 499.
- Pulmonary fibrosis, diffuse, interstitial, 71.
- Radiation therapy, polycythaemia vera, clinical studies in a series of 127 patients, managed without, 499.
- Renal artery stenosis and the nephrotic syndrome, 325.
- Retinal soft exudates, 117.
- Ruptured aortic sinus aneurysm, 285.
- Subclavian artery, mural thrombosis of, and subsequent embolism in cervical rib, 133.
- Takayasu's arteriopathy, the natural history of, 57.
- Telangiectases, familial haemorrhagic, 25.
- Thrombosis, mural, of the internal carotid artery and subsequent embolism, 155.
- Thrombosis, mural, of the subclavian artery and subsequent embolism, in cervical rib, 133.
- Thrombosis, the aetiology of portal vein, with particular reference to the role of infection and exchange transfusion, 465.
- Vision, cortical disorders of, in hypertensive encephalopathy, 239.
- Vitamin D, osteoporosis due to malabsorption of calcium, responding favourably to large doses of, 209.
